Wall street On Demand  
5718 Central Ave

Page Two  
6565 Gunpark Dr. #110

Joyful,  
Earth-friendly Interiors  
2210 Pearl St

## How To Play

1. Visit as many Park(ing) Spaces as you can (see list on this card or at [www.communitycycles.org](http://www.communitycycles.org)) on June 13th from 11 am - 2pm
2. Get your card signed at each Park(ing) Space you visit in the boxes on the front of the card.
3. Drop your card off at the GOBoulder offices, 1739 Broadway, 2nd Fl, by June 15th to enter to win prizes.
4. Check the web site [www.GOBoulder.net](http://www.GOBoulder.net) after June 30th to see if you've won a prize.

What's the point? Park(ing) Space parks raise awareness of the trade-off between space for cars vs. space for humans. If we shift our resources toward improved mass transit and telework, how could we reclaim parking spaces? More housing? More outdoor dining? More trees? More water? (Did you know paved parking generates excess water that goes directly to storm drains instead of remaining in the soil? Greening a parking place, or using pervious paving, saves water.)
