

## Letter Templates in support of Iris Improvements

Dear Boulder City Council,

I am a resident and I support changes to Iris Avenue as soon as possible, to support safe options for people no matter how they need to travel.

I urge you to approve option A or B for Iris Avenue because:

{it is feasible in the near future}  
{it promotes walking and biking by people who avoid Iris now}  
{it is a wise use of resources to serve the traveling public}  
{those options satisfy a long-felt need for safer travel on Iris}  
{it is likely to reduce dangerous speeding by drivers}

{it is feasible in the near future, unlike other options}  
{it will tame excessive and speedy vehicle traffic on Iris}  
{we should give priority to people, not cars}  
{Iris should be accessible to walkers, wheelchairs, and cyclists}  
{these options will help drivers obey speed limits}
